

Fish and Rice

Super Premium

DESCRIPTION

The formula was created based on the latest trends in modern nutrition and meets all the nutritional needs of dogs. This formula contains easily digestible proteins from high-quality types of meat (fish, poultry) and the optimal fat content provides a lot of energy and vitality. The specially designed vitamin/mineral complex provides good digestion, and enhanced immunity, nourishes the musculoskeletal system, and works to prevent joint problems in older dogs, as well as having a positive effect on the growth and development of all breeds from birth to adulthood. The recipe contains at least 85% protein of animal origin.
